Engineered and Produced by Larry E. Bailey

Dedicated to the Memory of my Brother Kevin J. Bailey

- GIVE IT TO THE ROCK AND ROLL -

Most of the songs on this CD were actually written when I was a boy, between the age of 12 and 15. I have had this music in my head for a lot of years, and I always dreamed of recording it someday, and now I have. This music shows where my head was at when I was young, and who my Rock Music influences were. You can hear a lot of Grand Funk, James Gang, and Deep Purple, in the music that I wrote back then.

Every Instrument, and Vocal part was written and performed by me on this CD except for one song that I co-wrote with my Brother-in-Law at the time, and a Great musician, Mike Marple.

And I'd like to say a very special Thank You to a Great Friend and Fantastic Musician, Michael Lewis. Who played Keyboard on three of the songs.

Next,... I'd like to thank God for the blessings in my life, and for giving me the gift of music.

And last, but not least,.....I'd like to say a big "I Love You" to my wife Briana, and thank her for her Love, and understanding over the years, allowing me to do what I love to do for a living. It takes a special kind of woman to put up with a full-time musician, and she's the Best!

So I hope everyone enjoys listening to this CD as much as I enjoyed making it, and please feel free to email me and let me know what you think.....(good or bad)

.....and Thank You for purchasing my CD!

Larry E. Bailey
